

**CSA STAFF NOTICE****WITHDRAWAL OF CSA STAFF NOTICE 31-305  
*REGISTRATION STREAMLINING SYSTEM*****June 2, 2004**

Effective immediately, staff of the members of the Canadian Securities Administrators (CSA) withdraw CSA Staff Notice 31-305 *Registration Streamlining System*. This staff notice was issued by staff of each of the members of the CSA except for the Commission des valeurs mobilières du Québec.

The Registration Streamlining System permitted a salesperson registered with at least one participating CSA member to apply for additional registrations using copies of one jurisdiction's registration form. Before the Registration Streamlining System, salespersons seeking registration in multiple jurisdictions had to complete each jurisdiction's own prescribed registration form.

With the advent of the National Registration Database system and the creation of a uniform registration form, Form 33-109F4 *Registration Information for an Individual*, the Registration Streamlining System is no longer necessary.
