POLICY 2.4

CAPITAL POOL COMPANIES

Scope of Policy

This Policy applies to any issuer that proposes to list on the Exchange as a capital pool company (a “CPC”). The Exchange’s program was designed as a corporate finance vehicle to provide businesses with an opportunity to obtain financing earlier in their development than might be possible with an IPO. The CPC program permits an IPO to be conducted and an Exchange listing to be achieved by a newly created company that has no assets, other than cash, and has not commenced commercial operations. The CPC then uses this pool of funds to identify and evaluate assets or businesses which, when acquired, qualify the CPC for listing as a regular Tier 1 or Tier 2 Issuer on the Exchange.

This Policy outlines the procedures for listing a CPC on the Exchange and the procedures to be followed and standards to be applied when a CPC undertakes a Qualifying Transaction.

A CPC that has filed a preliminary CPC Prospectus with the Exchange prior to the Effective Date of this Policy, as hereinafter defined, will continue to be governed by the predecessor to this Policy, including the former Exchange Form of Information Circular (old Form 3A). The main headings in this Policy are:

“Vendors” means one or all of the beneficial owners of the Significant Assets (other than a Target Company(ies)).

2. Overview of Process

2.1 General Matters

The CPC program is a two-stage process. The first stage involves the filing and clearing of a CPC Prospectus, the completion of the IPO and the listing of the CPC's common shares on the Exchange. The second stage involves an Agreement in Principle in respect of a proposed Qualifying Transaction, the preparation and filing with the Exchange of a comprehensive CPC Information Circular containing disclosure as to the holding of a shareholders' meeting to obtain Majority of the Minority Approval in connection with the proposed Qualifying Transaction.

2.2 Stage One – CPC Prospectus and Exchange Listing

- (a) The CPC program is not available in all jurisdictions. Accordingly, Issuers must consult the appropriate Securities Laws to determine the availability of the CPC program in each jurisdiction in which the CPC Prospectus is proposed to be filed. Each of the Commissions retains discretion to determine whether or not to issue a receipt for the CPC Prospectus.
- (b) A CPC must retain an Agent who will sign the CPC Prospectus as underwriter.
- (c) The preliminary CPC Prospectus and all supporting documents required by Securities Laws are concurrently filed via SEDAR with the Exchange and with the Commissions in those jurisdictions where the distribution is to be made. Concurrently with the filing of the preliminary CPC Prospectus, the CPC must also make an application to the Exchange for conditional acceptance of the listing of the CPC. See *Policy 2.3 – Listing Procedures*.
- (d) Where the IPO will be conducted in one province only, the CPC Prospectus must be filed with the regional office of the Exchange in the jurisdiction where the IPO is to be conducted. If the IPO is to be conducted in a region with no corresponding Exchange regional office, the filer may choose the office it wishes to vet the CPC Prospectus. If the IPO is conducted in more than one jurisdiction, the CPC Prospectus should be filed with the regional office of the Exchange corresponding to the principal regulator pursuant to National Policy 43-201 – *Mutual Reliance Review System for Prospectuses and AIFs*.
- (e) The Exchange will issue comments in regard to the preliminary CPC Prospectus and the Application for Listing. Effective June 15, 2002, all comments from the Exchange and all responses made by the CPC to the Exchange, relating to the preliminary CPC Prospectus and CPC Prospectus must be communicated via SEDAR. When the CPC has satisfactorily resolved the significant comments of the Exchange, the Application for Listing will then be presented to the Exchange’s Executive Listing Committee for consideration. If the Application for Listing is conditionally accepted, and the Commission(s) indicate via SEDAR that they are clear to receive final materials, the CPC will file its final CPC Prospectus and all supporting documents via SEDAR with the Exchange and the Commission(s).
- (f) After each applicable Commission has issued a final receipt for the CPC Prospectus, the CPC proceeds to close the IPO. After the closing, final listing documentation, as required under *Policy 2.3 - Listing Procedures*, is filed with the Exchange. If all final listing documentation is satisfactory, the Exchange issues an Exchange Bulletin evidencing its final acceptance of the documents and indicating that the CPC’s shares will commence trading on the Exchange in two trading days. On the date specified in the Exchange Bulletin, the shares will commence trading on Tier 2 of the Exchange.

2.3 Stage Two – Completion of a Qualifying Transaction

- (a) The second stage of the CPC program is triggered when there is an Agreement in Principle to acquire the Significant Assets that form the basis of the CPC's Qualifying Transaction. As soon as the CPC reaches an Agreement in Principle, it must issue a comprehensive news release as described in section 12.2 of this Policy. A Material Change report must be filed pursuant to applicable Securities Laws. When the CPC anticipates that it will be issuing a news release, it must immediately send a copy of the draft news release to the Corporate Finance Department of the Exchange for review.
- (b) Trading in the Listed Shares of the CPC will be halted pursuant to section 14.6(b) pending announcement of the Agreement in Principle made in accordance with section 12.2. Trading will remain halted until each of the following has occurred:
 - (i) where the transaction is subject to sponsorship, the Exchange has received a Sponsorship Acknowledgement Form (Form 2G), and the accompanying documents as may be required by *Policy 2.2 - Sponsorship and Sponsorship Requirements*;
 - (ii) the Exchange has received a Personal Information Form (Form 2A) for each Person who will be a director, senior officer, Promoter (including a Promoter as described in *Policy 3.4 – Investor Relations, Promotional and Market-Making Activities*) and other Insiders of the Resulting Issuer together with resumes for each director and senior officer of the Resulting Issuer;
 - (iii) the Exchange has completed any preliminary background searches it considers necessary or advisable; and
 - (iv) a comprehensive news release prepared in accordance with section 12.2, which is acceptable to the Exchange, has been issued.

The Exchange recommends that a pre-filing conference, as contemplated by *Policy 2.7 – Pre-Filing Conferences*, be held by a CPC particularly where the Agreement In Principle or proposed Qualifying Transaction may involve unique or unusual circumstances.

For the circumstances where a Sponsor Report is required, see *Policy 2.2 – Sponsorship and Sponsorship Requirements*.

- (c) Notwithstanding the satisfaction of the conditions in section 2.3(b), the Exchange may continue or reinstate a halt in trading of the Listed Shares of a CPC for public policy reasons, which may include:
 - (i) the nature of the proposed business of the Resulting Issuer is unacceptable to the Exchange; or

- (ii) the number of conditions precedent that are required to be satisfied by the CPC in order to complete the Qualifying Transaction, or the nature or number of any deficiency or deficiencies required by the Exchange to be resolved is or are so significant or numerous, as to make it appear to the Exchange that the halt should be reinstated or continued.
- (d) The CPC has 75 days from the announcement of the Agreement in Principle to make the initial submission required by section 12.3 of this Policy. The primary documents in the initial submission are the draft CPC Information Circular, and if there is a Sponsor, confirmation that the Sponsor has reviewed the draft CPC Information Circular in accordance with section 12.3(b) of this Policy. See also *Policy 2.2 – Sponsorship and Sponsorship Requirements*. The Exchange reviews the draft CPC Information Circular, and the supporting documents including, if applicable, the preliminary Sponsor Report, and advises of any comments. Provided that the comments in the initial Exchange comment letter are not of a substantial nature, the Exchange will permit the CPC to set the date for the shareholder meeting for approval of the proposed Qualifying Transaction.
- (e) If the Exchange determines that the draft CPC Information Circular, or any supporting document, contains significant deficiencies, the Exchange may request that the CPC re-file all materials at a later date. In these circumstances, the Exchange may not commence its initial detailed review of the draft CPC Information Circular or any other supporting document including, if applicable, the preliminary Sponsor Report, until such deficiencies are substantially resolved to the satisfaction of the Exchange.
- (f) The initial submission is presented to the Exchange’s Executive Listings Committee for consideration. If the application is conditionally accepted, the CPC will be invited to file the pre-meeting documentation described in section 12.4 of this Policy with the Exchange and mail the CPC Information Circular to the shareholders. Concurrently with mailing of the CPC Information Circular to the shareholders, the CPC must file the CPC Information Circular with the Exchange and the Commission(s) via SEDAR.
- (g) The CPC then holds the shareholders’ meeting at which the shareholders are asked to grant Majority of the Minority Approval of the proposed Qualifying Transaction, and to approve any other related matters. If the proposed Qualifying Transaction is subject to Policy 5.9, Majority of the Minority Approval will constitute minority approval as contemplated by Appendix 5B. If the shareholders approve the Qualifying Transaction, the CPC may then proceed to close the Qualifying Transaction and acquire the Significant Assets. After closing of the Qualifying Transaction, the CPC is required to file with the Exchange all post-meeting documentation as described in section 12.5 of this Policy.

- (h) Provided that the post-meeting documentation is satisfactory, the Exchange issues the Final Exchange Bulletin that evidences final Exchange Acceptance and confirms Completion of the Qualifying Transaction. The Final Exchange Bulletin also indicates that the Resulting Issuer will not be considered a CPC and will commence trading in two trading days under a new name and a new stock symbol, if applicable.

2.4 Availability of the CPC Program

The CPC program may not be used where the proposed CPC has an Agreement in Principle. Where a proposed CPC or its Agent(s) is uncertain about the availability of the CPC program, the Exchange encourages them to schedule a pre-filing conference to discuss the issue. See *Policy 2.7 – Pre-Filing Conferences*.

2.5 Guidelines for Interpretation – Agreement in Principle Exists

- (a) **No Material Conditions** – If the board of directors of a CPC has a “meeting of minds” with the other parties to a proposed Qualifying Transaction on all fundamental terms, and no material conditions to closing exist which are beyond the reasonable control of the Non Arm's Length Parties to the CPC or Non Arm's Length Parties to the Qualifying Transaction (other than receipt of shareholder approval and Exchange Acceptance), then an Agreement in Principle exists. In such cases, the parties should seek an alternative method of going public.
- (b) **Non Arm's Length Party Qualifying Transaction** - Regulatory concern arises where the same party or parties control the CPC and the Significant Assets which may be the subject of the Qualifying Transaction (a “Non Arm's Length Party Qualifying Transaction”). Although a formal agreement may not have been entered into, if the Non Arm's Length Parties are nevertheless virtually certain of reaching an agreement, an Agreement in Principle exists and the parties should seek an alternative method of going public.

2.6 Guidelines for Interpretation – Agreement in Principle Does Not Exist

- (a) **Public Announcement of the Intended Acquisition** – A public announcement of an intended acquisition is not, in and of itself, evidence that an Agreement in Principle exists if material conditions beyond the control of the Non Arm's Length Parties to the CPC or the Non Arm's Length Parties of the Qualifying Transaction have to be completed in order to effect the acquisition.
- (b) **Private Placement Financing** – If the CPC is undertaking a best efforts financing, and such financing is a material condition of closing that is unfulfilled, the Exchange will generally consider that an Agreement in Principle has not been reached.

- (c) **Consideration** – If the parties to a proposed acquisition have not agreed on the total consideration to be paid for the Significant Assets or have not conclusively identified the means by which the consideration for the Significant Assets will be determined, the Exchange will generally consider that an Agreement in Principle has not been reached. If a valuation opinion has not been prepared or is not complete, the reasons why the valuation opinion has not been prepared or is not complete should be evaluated. Where there are significant uncertainties underlying source data or assumptions or valuation techniques to be applied, the Exchange will generally consider that an Agreement in Principle has not been reached.
- (d) **Financial Statements** – If financial statements relating to the Significant Assets to be acquired have not yet been prepared, primary due diligence procedures fundamental to the decision to proceed have not been completed. Accordingly, the Exchange will generally consider that an Agreement in Principle has not been reached.
- (e) **Due Diligence** – Where significant due diligence matters remain unresolved, the Exchange will generally consider that an Agreement in Principle has not been reached.

2.7 Disclosure in CPC Prospectus

Notwithstanding the guidelines set forth at section 2.5 and 2.6, the Persons signing the certificate contained in the CPC Prospectus are reminded that they are ultimately responsible for ensuring that the CPC Prospectus provides full, true and plain disclosure of all material facts as required by Securities Laws and as contemplated by section 4.1, including, where applicable, material facts relating to any potential Qualifying Transaction.

2.8 Relief from the “Significant Probable Acquisition” and the “Multiple Acquisition” Disclosure Requirements under OSC Rule 41-501

Issuers that may have a significant probable acquisition or multiple acquisitions, as defined in OSC Rule 41-501, are referred to section 14.10 of this Policy.

3. Minimum Listing Requirements for CPCs

3.1 Restrictions on Business of a CPC

The only business permitted to be undertaken by a CPC is the identification and evaluation of assets or businesses with a view to completing a Qualifying Transaction. Until the Completion of the Qualifying Transaction, a CPC must not carry on any business other than the identification and evaluation of assets or businesses with a view to a potential Qualifying Transaction.

3.2 Listing Requirements

The following minimum listing requirements must be satisfied to be listed as a CPC with the Exchange and to maintain that listing:

- (a) Except to the extent specifically modified by this Policy, the CPC must comply with *Policy 3.1 – Directors, Officers and Corporate Governance*. Each proposed director and officer must meet the minimum suitability requirements under Policy 3.1 and the board of directors of the CPC as a whole must have the public company experience required by that Policy. In addition, each proposed director and senior officer of the CPC must be either:
 - (i) a resident of Canada or the United States, or
 - (ii) an individual who has demonstrated a positive association as a director or officer with one or more public companies that are subject to a regulatory regime comparable to that of a Canadian exchange. The CPC must provide the Exchange with evidence that such regulatory regime is comparable (in terms of registration, regulatory oversight and filing requirements).
- (b) Given the nature of the CPC program, the Exchange expects management of a CPC to meet a high standard. As a result, in addition to the requirements set out in *Policy 3.1 – Directors, Officers and Corporate Governance*, the Exchange requires that the directors and senior officers of the CPC must collectively possess the appropriate experience, qualifications and history which demonstrates that the management of the CPC will be capable of identifying, investigating and acquiring Significant Assets. In determining the acceptability of each director and senior officer, and the board as a whole, the Exchange will review the qualifications, experience, and regulatory history of each proposed member of the board to determine their suitability as a CPC board member on both an individual basis, and in relation to the other members of the board.
- (c) In determining the acceptability of the board in general, the Exchange will consider whether the members of the board collectively possess:
 - (i) a positive track record with junior companies; as evidenced by growth of such companies;
 - (ii) the ability to raise financing;
 - (iii) a positive corporate governance and regulatory history;
 - (iv) technical experience in the appropriate industry sector, where applicable;
 - (v) the ability to locate and develop appropriate acquisition opportunities for companies; and

Effective: June 15, 2002

- (vi) positive experience as directors or senior officers with public companies in Canada or the United States, as evidenced by the growth of such companies and /or the listing of such companies on Tier 1 of the Exchange or on a senior exchange or quotation system such as the TSE, NASDAQ or NYSE.
- (d) The minimum price per share at which the Seed Shares may be issued is the greater of \$0.075 and 50% of the price at which the IPO Shares are sold.
- (e) The minimum total amount of Seed Capital raised by the CPC through the issuance of the Seed Shares must be equal to or greater than \$100,000 and must be contributed by directors and officers of the CPC or trusts or holding companies controlled by these directors or officers. Control can be demonstrated by ownership of 50% or more of the outstanding voting securities or in the case of a trust, beneficial interest in the trust. Seed Capital contributions made by trusts or holding companies will be pro rated on the basis of the percentage of ownership or beneficial interest held by the applicable directors or officers or immediate family members or such directors and officers. Each director and officer of the CPC or their respective trust (or holding company) must subscribe for Seed Shares for an aggregate consideration of at least \$5000. Seed Share subscriptions by others will only be permitted after this initial \$100,000 has been contributed.
- (f) The minimum price at which the IPO Shares may be issued is \$0.15. Only a single class of common shares may be issued as Seed Shares and IPO Shares. The maximum price per share for the IPO Shares is \$0.30.
- (g) Companies cannot hold Seed Shares unless the name of each individual who directly or indirectly beneficially owns, controls or directs these securities is disclosed to the Exchange. If the beneficial owner of Seed Shares is not an individual, the name of the individual or individuals beneficially owning, controlling or directing the Company or Companies that hold the Seed Shares of the CPC must be disclosed.
- (h) At the time of listing and until Completion of the Qualifying Transaction, neither the CPC nor any other party on behalf of the CPC will have engaged or will engage the services of any Person to provide Investor Relations Activities, promotional or market-making services.
- (i) The gross proceeds to the treasury of the CPC from its IPO must be equal to or greater than \$200,000 and must not exceed \$500,000.
- (j) Subject to section 10.3, the maximum aggregate gross proceeds to the treasury of the CPC from the issuance of IPO Shares and all Seed Shares must not exceed \$700,000.
- (k) The CPC must have at least 1,000,000 of its issued and outstanding common shares in the Public Float upon completion of the IPO.

Effective: June 15, 2002

- (l) Upon completion of the IPO, the CPC must have a minimum of 300 shareholders with each shareholder beneficially owning at least 1,000 common shares free of Resale Restrictions exclusive of any common shares held by Non Arm's Length Parties to the CPC;
- (m) The maximum number of common shares which may be directly or indirectly purchased by any one purchaser pursuant to the IPO will be 2% of the IPO Shares.
- (n) Notwithstanding section 3.2(m) above, the maximum number of common shares that may be directly or indirectly purchased pursuant to the IPO by any purchaser, together with that purchaser's Associates and Affiliates, is 4% of the IPO Shares.
- (o) Other than IPO Shares, the only additional securities that may be issued and outstanding are Seed Shares, stock options as permitted by section 7 of this Policy, the Agent's Option, any securities issued upon consent of the Exchange in accordance with section 10.3, and any securities issued pursuant to the Qualifying Transaction.
- (p) The ownership of Seed Shares and IPO Shares by the Sponsor and its Associates or Affiliates and by any member of the Pro Group, must be in compliance with section 14.8 of this Policy.

3.3 Listing Documents

A Company seeking a listing as a CPC must file:

- (a) with the Exchange and the Commissions, all documentation required to be filed in connection with a Prospectus under applicable Securities Law, and, in the case of the filing with the Exchange, must also include in the covering letter identification of any required waivers or exemptive relief applications from Exchange Requirements; and
- (b) with the Exchange, all applicable documentation required to be filed for a Listing Application under *Policy 2.3 - Listing Procedures*.

4. Disclosure Required in a CPC Prospectus

- 4.1 A CPC Prospectus must provide full, true and plain disclosure of all material facts relating to the securities offered under the CPC Prospectus. It must be prepared in accordance with applicable Securities Law, and pursuant to the CPC Prospectus Form (Form 3A). The Exchange requires all Issuers filing a CPC Prospectus to comply with OSC Rule 41-501 - *General Prospectus Requirements* or the equivalent local rule or instrument allowing for prospectuses prepared in compliance with OSC Rule 41-501. Issuers are reminded that the CPC Prospectus Form is not a Commission form, and is intended to provide guidance to a CPC in respect of compliance with OSC Form 41-501F under OSC Rule 41-501.

5. Agents

5.1 General

In each jurisdiction where the IPO is conducted, the CPC must have an Agent who is registered under the Securities Laws in a category which permits the Agent to act as the selling agent of the IPO Shares. At least one Agent must be a Member of the Exchange. An Agent must sign the certificate page of the CPC Prospectus as underwriter.

5.2 Agent's Compensation

- (a) The maximum sales commission payable to an Agent as compensation for acting as the Agent in connection with the IPO is 10% of the gross proceeds raised pursuant to the IPO.
- (b) Other than as provided for in this Policy, no securities of the CPC can be issued or granted to the Agent or its Associates or Affiliates.
- (c) Any corporate finance fee or other compensation paid or to be paid to the Agent in its capacity as agent or otherwise in connection with the CPC Prospectus must be disclosed in the CPC Prospectus and any such fee or compensation payable in connection with a Qualifying Transaction must be disclosed in the CPC Information Circular, and if known at the date of the CPC Prospectus, in the CPC Prospectus. Any such fees or compensation must be reasonable in the circumstances.

6. Agent's Option

- 6.1 No option or other right to subscribe for securities of a CPC may be granted to the Agent unless:
- (a) the option or right is a single, non-transferable option or right;
 - (b) the number of shares issuable upon exercise of the option or right does not exceed 10% of the total number of IPO Shares;
 - (c) the exercise price per share under the option or right is not less than the IPO Share price; and
 - (d) the option or right is exercisable only until the close of business on the date that is 18 months from the date of listing of the shares of the CPC on the Exchange.
- 6.2 The option or right may be exercised in whole or in part by the Agent before the Completion of the Qualifying Transaction by the CPC, provided that no more than 50 percent of the aggregate number of common shares which can be acquired by the Agent on exercise of the entire option or right may be sold by the Agent before the Completion of the Qualifying Transaction.

7. Other Options Issued by the CPC

- 7.1 Incentive stock options granted by a CPC may only entitle the holder to acquire common shares of the CPC. Incentive stock options may only be granted to a director or officer of the CPC, and where permitted by Securities Laws, a technical consultant whose particular industry expertise in relation to the business of the Vendors or the Target Company, as the case may be, is required to evaluate the proposed Qualifying Transaction, or a Company, all of whose securities are owned by such a director, officer or technical consultant. The total number of common shares reserved under option for issuance under this section or as may be issued under section 7.7, may not exceed 10% of the common shares to be outstanding as at the closing of the IPO.
- 7.2 The number of common shares reserved under option for issuance to any individual director or officer may not exceed 5% of the common shares to be outstanding after closing of the IPO. The number of common shares reserved under option for issuance to all technical consultants may not exceed 2% of the common shares to be outstanding after closing of the IPO. Options granted by a CPC are subject to the percentage limitations set forth in *Policy 4.4 - Incentive Stock Options*.
- 7.3 CPC's are prohibited from granting options to any person providing Investor Relations Activities, promotional or market-making services.
- 7.4 The exercise price per common share under any stock option granted by a CPC cannot be less than the greater of the IPO Share price and the Discounted Market Price.
- 7.5 No stock option granted pursuant to this section may be exercised before the Completion of the Qualifying Transaction unless the optionee agrees in writing to deposit the shares acquired into escrow until the issuance of the Final Exchange Bulletin.
- 7.6 Stock Options granted after the IPO must be filed using *Form 4G - Summary Form - Incentive Stock Options*.
- 7.7 A CPC may grant an Eligible Charitable Organization (as defined in *Policy 4.7 – Charitable Options*) options to acquire shares of the CPC. Any grant of options made to an Eligible Charitable Organization must be made in accordance with Policy 4.7.

8. Prohibited Payments and Use of Proceeds

8.1 Prohibited Payments to Non Arm's Length Parties

Except as permitted by sections 7 and 8 of this Policy, until the Completion of the Qualifying Transaction, no payment of any kind may be made, directly or indirectly, by a CPC to a Non Arm's Length Party to the CPC or a Non Arm's Length Party to the Qualifying Transaction, or to any person engaged in Investor Relations Activities in respect of the CPC or the securities of the CPC or any Resulting Issuer by any means including:

 - (i) reasonable expenses for office supplies, office rent and related utilities;

- (b) reimburse a Non Arm's Length Party to the CPC for reasonable out-of-pocket expenses incurred in pursuing the business of the CPC as referenced in section 3.1.

8.3 Permitted Use of Proceeds

- (a) Subject to subsections 3.1, 8.2, and 8.4 until the Completion of the Qualifying Transaction, the gross proceeds realized from the sale of all securities issued by the CPC may only be used to identify and evaluate assets or businesses and obtain shareholder approval for a proposed Qualifying Transaction. The proceeds may be used for expenses such as expenses incurred for the preparation of:
- (i) valuations or appraisals;
 - (ii) business plans;
 - (iii) feasibility studies and technical assessments;

- (a) Subject to prior Exchange Acceptance, up to an aggregate of \$100,000 may be advanced as a refundable deposit or secured loan by a CPC to a Vendor or Target Company as the case may be, for a proposed arm's length Qualifying Transaction provided that:

- (d) If less than the entire permitted portion of a loan or deposit is advanced, a subsequent loan or deposit up to the balance of the maximum aggregate loan or deposit permitted may be made. Similarly, if a deposit or loan or a part of it is refunded, the refunded amount can be used for a subsequent advance.

8.6 Investment of CPC Funds

Until required for the CPC's purposes, the proceeds may only be invested in securities of, or those guaranteed by, the Government of Canada or any Province or territory of Canada or the Government of the United States, in certificates of deposit or interest-bearing accounts of Canadian chartered banks, trust companies or credit unions.

9. Restrictions on Trading

- 9.1 Other than the IPO Shares, the Agent's Option and incentive stock options and options granted to Eligible Charitable Organizations, or as otherwise permitted by section 10, no securities of a CPC may be issued or traded during the period between the date of the receipt for the preliminary CPC Prospectus and the time the common shares begin trading on the Exchange, except with the prior approval of the Exchange and, if applicable, pursuant to exemptions from the registration and prospectus requirements under applicable Securities Laws.

10. Private Placements for Cash

- 10.1 After the closing of the IPO and until the Completion of the Qualifying Transaction, a CPC may not issue any securities unless written acceptance of the Exchange is obtained before the issuance of the securities. See *Policy 4.1 - Private Placements* for filing procedures.
- 10.2 Prior to the announcement of the proposed Qualifying Transaction, pursuant to section 12.2, the Exchange generally will not accept a Private Placement by a CPC where the gross proceeds raised from the issuance of Seed Shares, IPO Shares and any proceeds anticipated to be raised upon closing of the Private Placement exceeds \$700,000.
- 10.3 Where a proposed Qualifying Transaction has been announced pursuant to section 12.2, and the funds raised pursuant to the Private Placement are to be used in connection with the proposed Qualifying Transaction, the Exchange will permit funds to be raised for maximum gross proceeds of \$125,000 where:

11.3 Holding Companies

If securities of a CPC required to be held in escrow are held by a non-individual (a “holding company”), the holding company may not carry out any transactions that would result in a change of control of the holding company without the consent of the Exchange. Any holding company must sign an undertaking to the Exchange, that, to the extent reasonably possible, it will not permit or authorize securities to be issued or transferred if it could reasonably result in a change of control of the holding company. Investors are cautioned that, except as disclosed in the management information circular to be prepared in connection with the transaction, any information released or received with respect to the transaction may not be accurate or complete and should not be relied upon. - (m) if a Sponsor has been retained, the following additional statement:

13. Information Circular

13.1 The CPC Information Circular submitted to the Exchange and mailed to shareholders in connection with a proposed Qualifying Transaction must be prepared in accordance with Form 3B and the provisions of this Policy and prepared and mailed in accordance with applicable corporate law and Securities Law requirements. If applicable, CPCs are reminded of the additional disclosure requirements of Policy 5.9 and Appendix 5B mandated for Related Party Transactions.

13.2 Financial Statements

The financial statements that are to be included in the CPC Information Circular must comply with the requirements of the Exchange Form of Information Circular (Form 3B).

13.3 Generally Accepted Accounting Principles

- (a) The financial statements of an issuer incorporated or organized in a Canadian jurisdiction that are included in the CPC Information Circular shall be prepared in accordance with Canadian GAAP.
- (b) The financial statements of an issuer incorporated or organized in a foreign jurisdiction that are included in the CPC Information Circular shall be prepared in accordance with
 - (i) Canadian GAAP; or
 - (ii) foreign GAAP, if the notes to the financial statements
 - (A) explain and quantify the effect of material differences between Canadian GAAP and foreign GAAP that relate to measurements, and
 - (B) provide disclosure consistent with Canadian GAAP requirements to the extent not already reflected in the financial statements.

13.4 Exception to the Requirement to Reconcile Financial Statements Prepared in Accordance with Foreign GAAP

Despite subsection 13.3(b)(ii), if an issuer has made a significant acquisition or is proposing to make a significant acquisition, and is required to provide financial statements of the business in accordance with the CPC Information Circular prepared in accordance with Form 3B and those financial statements have been prepared in accordance with a foreign GAAP, the reconciliation to Canadian GAAP may be excluded for the earliest of the three years presented.

13.6 Foreign Auditor's Report

If the financial statements included in a CPC Information Circular are accompanied by a foreign auditor's report, the auditor's report shall be accompanied by a statement by the auditor

- (a) disclosing any material differences in the form and content of the foreign auditor's report as compared to a Canadian auditor's report; and

13.7 Review of Financial Statements Included in a CPC Information Circular

- (a) An issuer shall not file a CPC Information Circular prepared in accordance with Form 3B unless each financial statement of an issuer included in that CPC Information Circular has been reviewed by the audit committee of the board of directors of the issuer, if the issuer has, or is required to have, an audit committee, and approved by the board of directors.

- (b) If the financial statements included in a CPC Information Circular prepared in accordance with Form 3B are those of a private issuer, the Exchange would not expect such an issuer to have an audit committee, but the Exchange will require that the board of directors of that issuer review and approve such financial statements prior to the filing of that CPC Information Circular.

13.8 Amendments to CPC Information Circular

In the event that there is a change in the material information included in a CPC Information Circular between:

- (a) the date of mailing of the notice of meeting, the CPC Information Circular and form of proxy to shareholders, as contemplated by section 12.4, and

13.9 Exchange Treatment of Amendments to a CPC Information Circular

After receiving the notice pursuant to section 13.8(d) and any other materials that it may require, the Exchange will advise the CPC as to the conditions that will be required to be satisfied in respect of the treatment of any change in material information included in the CPC Information Circular.

14. Other Requirements

14.1 Exchange Review of Qualifying Transactions

As part of the review of the proposed Qualifying Transaction, the Exchange will review the expenses, disclosure, trading history and other transactions undertaken by the CPC during its listing to determine compliance with Exchange Requirements. The Exchange may refuse to accept the Qualifying Transaction if significant concerns arise from its review, which need not be limited to concerns with the items specifically listed above.

14.2 Share Price

- (a) Generally, where payment of consideration by a CPC for Significant Assets includes the issuance of securities, the Exchange requires that the price per Listed Share to be issued is at least the Discounted Market Price. The total consideration is determined based on the number of securities issued multiplied by the price per share. However, where the proposed Qualifying Transaction is announced following the closing of the IPO but before listing of the shares for trading on the Exchange, the value of the shares to be issued will be based on either:
 - (i) the average closing price of the common shares in each of the first five trading days, less permissible discounts, provided such price is not less than the IPO share price; or
 - (ii) on a predetermined value which must not be less than \$0.20 per share.
- (b) The Exchange will require the exercise price of any stock options granted in connection with a Qualifying Transaction to be the greater of the price per Listed Share of the securities issued on the Qualifying Transaction, the price of any concurrent financing and the Discounted Market Price at the time of announcement of the grant of options.
- (c) The determination of price per share in this section is likely different than the determination of price for the purposes of the Pro forma financial statements

14.3 Inactivity or Failure to Respond to Exchange

- (a) If the CPC Information Circular has not been mailed to shareholders within 75 days after the initial submission to the Exchange of documents required under subsection 12.3 and, in the opinion of the Exchange, the delay is due to the inaction of the CPC, the Vendors or any Target Company, the Exchange may:
 - (i) close its file as “not proceeded with” and require the CPC to issue a news release with respect to the status of the proposed Qualifying Transaction; or
 - (ii) require that an updated CPC Information Circular containing updated material facts and updated financial statements, Geological Reports, valuations or other reports be filed.
- (b) If post-meeting documents required under subsection 12.5 have not been submitted to the Exchange within the time prescribed by the Exchange following the shareholders’ meeting, the Exchange may:
 - (i) require the CPC or the Resulting Issuer to issue a news release explaining the delay; and/or

Effective: June 15, 2002

- (ii) halt or suspend trading in the Listed Shares of the CPC for failure to complete a Qualifying Transaction, pending filing of the post-meeting documents.
- (c) Inactivity may be evidenced by the failure to make reasonable and timely efforts to provide acceptable responses to the comments of the Exchange.

14.4 Multiple Filings

The Exchange will generally not grant conditional acceptance for listing of a CPC where any director or officer of a CPC is associated with more than one other CPC, JCP or VCP that has not yet completed a Qualifying Transaction.

14.5 Consulting Fees

The Exchange may seek the opinion of an independent engineer, appraiser or other expert in determining the reasonableness of a technical report, Geological Report, business valuation or other Expert Report filed with the Exchange. In such circumstances, the Exchange will require the CPC or any Resulting Issuer to pay for the Exchange's costs.

14.6 Trading Halts, Suspension and Delisting

- (a) The Exchange may suspend from trading or delist the Listed Shares of a CPC where the Exchange has not issued a Final Exchange Bulletin to the CPC within 18 months after the date of listing. The Exchange, in its discretion, may extend this period to 24 months after the date of listing.
- (b) The Exchange will halt trading in the Listed Shares of a CPC from the date of announcement of an Agreement in Principle regarding a Qualifying Transaction until all steps referenced in section 2.3(b) have been completed.
- (c) A trading halt may be imposed where the Issuer has not filed the supporting documents required by section 12.3 of this Policy within 75 days after the date of the announcement of the Agreement in Principle. Such halt will remain in effect until either the Exchange receives and reviews the documentation required under this Policy and the CPC Information Circular has been mailed to the shareholders, or the CPC issues a news release disclosing that the proposed Qualifying Transaction is not proceeding.
- (d) As indicated in section 14.3, a trading halt or suspension may also be required when post-meeting documentation is not submitted within the prescribed time.
- (e) If a CPC determines or becomes aware that a proposed Qualifying Transaction will not be proceeding as previously announced, or at all, the CPC must immediately issue a news release in that regard.

- (f) If the CPC or the Sponsor, where applicable, terminate the sponsorship of the proposed Qualifying Transaction, the parties must immediately issue a news release advising of the termination. Trading in the Listed Shares of the CPC will be halted and the halt will remain in effect until a new Sponsor has provided the Exchange with a Sponsorship Acknowledgement Form and a pre-filing conference has been completed.

See *Policy 2.9 - Trading Halts, Suspensions and Delisting*.

14.7 Refusal of Qualifying Transaction

Notwithstanding that a transaction may meet the definition of a Qualifying Transaction, the Exchange may not approve a Qualifying Transaction if the CPC fails to meet the Minimum Listing Requirements upon the completion of the Qualifying Transaction or for any other reason at the sole discretion of the Exchange.

14.8 Pro Group

- (a) Neither the Sponsor nor the Agent nor any of their respective directors, officers, employees or contractors or any Associate or affiliate of the foregoing is permitted to subscribe for Seed Shares or IPO Shares.
- (b) Until Completion of the Qualifying Transaction, the aggregate number of common shares owned directly or indirectly by the Pro Group, or participants referred to in section 14.8(a) above, cannot exceed 20% of the total outstanding Listed Shares of the CPC, excluding securities reserved for issuance at a future date.
- (c) The Exchange will require that any securities issued to the Pro Group, in connection with or in contemplation of the Qualifying Transaction will be required to be subject to a four month Exchange hold period and the securities certificate(s) legended accordingly, as prescribed pursuant to *Policy 3.2 - Filing Requirements and Continuous Disclosure*.

14.9 Reverse Take-Over

The Exchange will not generally permit a Resulting Issuer to conduct a Reverse Take-Over for a period of one-year following Completion of the Qualifying Transaction.

14.10 Compliance with Securities Law

- (a) Participants in the CPC program are reminded that, in addition to complying with the provisions of this Policy, they must also continue to comply with relevant Securities Laws. In particular:

- (i) Participants in the CPC program are reminded of their obligation to comply with OSC Rule 41-501 *General Prospectus Requirements* or the equivalent local rule or instrument allowing for prospectuses prepared in compliance with OSC Rule 41-501.
- (ii) While a potential acquisition may not constitute an Agreement in Principle under this Policy, it may nevertheless trigger additional disclosure obligations under OSC Rule 41-501. In certain circumstances, a CPC's negotiations concerning its Qualifying Transaction may have progressed to a stage where the CPC is proposing to make a "significant probable acquisition" as defined in OSC Rule 41-501, or multiple acquisitions that meet the significance tests of Part 7 of OSC Rule 41-501. Compliance with Parts 6 and 7 of OSC Rule 41-501 would require the CPC to include audited financial statements relating to its proposed acquisitions in the CPC Prospectus.

Staff of the Ontario Securities Commission have confirmed their intention to recommend amendments to the prospectus rule that would exempt CPCs from these requirements. Until such time as such amendments to the prospectus rule become effective, staff of the Ontario, Manitoba and Saskatchewan Commissions have advised that they will recommend granting exemptive relief from these requirements in most cases. Issuers are directed to the exemptive relief provisions at Part 15 of OSC Rule 41-501.

The Alberta Securities Commission has provided for an exemption from the significant probable acquisition test pursuant to ASC Rule 41-501, as amended. Staff of the ASC have advised that they will recommend granting exemptive relief in respect of multiple acquisitions that meet the significance tests.

In British Columbia, additional disclosure relating to significant probable acquisitions or multiple acquisitions that meet the significance tests is not required under BC Instrument 41-501.

- (iii) Management of the CPC and the Resulting Issuer are reminded of their obligations to comply, to the extent applicable, with National Policy No. 31 (Change of Auditor of a Reporting Issuer), National Policy No. 48 (Future Oriented Financial Information) and National Policy No. 51 (Changes in the Ending Date of a Financial Year and in Reporting Issuer Status) and any successor instruments.

- (iv) CPCs or Resulting Issuers which intend to use the CPC Information Circular as an Annual Information Form under Multilateral Instrument 45-102 *Resale of Securities* should refer to the provisions of MI 45-102. Compliance with the requirements of a CPC Information Circular may not satisfy the requirements of MI 45-102 relating to when a circular may be considered to be a current AIF.

14.11 Effect of Exchange Acceptance

Neither review of any proposed Qualifying Transaction and supporting documents, acceptance of any CPC Information Circular or the issuance of a Final Exchange Bulletin should be construed as assurance that the CPC or any Resulting Issuer is in compliance with applicable Securities Laws, including use of any Prospectus or registration exemption or the adequacy of disclosure in any take-over bid circular, offering memorandum or other disclosure document. Similarly, neither review of any proposed Qualifying Transaction and supporting documents, acceptance of any CPC Information Circular or the issuance of a Final Exchange Bulletin should be construed as an assurance as to the merits of the Qualifying Transaction or an investment in the securities of any issuer.

- (f) shareholder approval requirements applicable to a Qualifying Transaction, as set forth at section 2.3 (g), will apply to the transaction, unless the public company, in compliance with applicable take over bid requirements, acquires at least 90% of the outstanding common shares of the CPC.

15.5 Approval of Securities Regulators

- (a) Junior Capital Pools (“JCPs”) (as opposed to CPCs and Venture Capital Pools (“VCPs”)), are reminded that any waiver of a provision of ASC Rule 46-501 - *Junior Capital Pool Offerings*, requires ASC approval. JCPs are further reminded that the consent of the ASC may also be required in respect of a transfer within escrow.
- (b) Issuers are reminded that if, in the context of a combination transaction, there is a proposed transfer of a control block, exemptive relief from applicable securities regulatory authorities may be necessary. In the event that one of the Issuers has been cease traded, an application to the applicable securities regulatory authority for reactivation may also be necessary.
